

Gateway/Beltline intersection refinement workshops

Plan to participate in one of the workshops:

North of Beltline Road
4-6 p.m. Tuesday, April 10

South of Beltline Road
6:30-8:30 p.m. Tuesday, April 10

Both meetings will be held at Northwest Community
Credit Union, 3660 Gateway Street.

The City of Springfield is refining plans for transportation improvements in the Gateway area. Specifically, these improvements could affect:

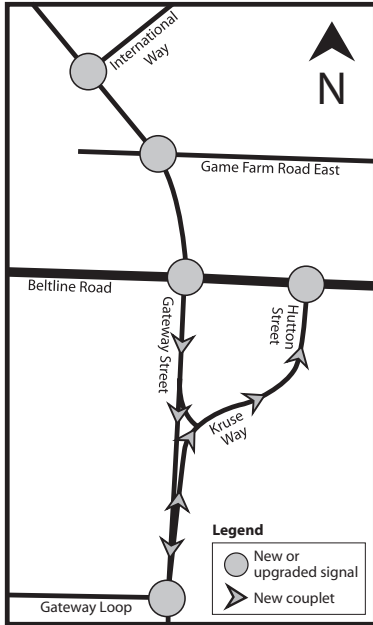

- Properties along Gateway Street from Gateway Loop to International Way.
- Properties along Hutton Street and Kruse Way.
- Properties along Beltline Road from Gateway Street to Game Farm Road.

If you own a property or business or live in this area, we hope you can join us for a workshop to begin refining designs for improvements. Two workshops will be held – one focused on the area south of Beltline Road and one focused on the area north of Beltline Road.
