### **WORK SESSION**

**1. REQUEST FOR VACATION OF A PORTION OF LAURA STREET PUBLIC RIGHT-OF-WAY LRP2003-00030 –**

The City of Springfield Public Works Department is requesting the vacation of approximately 203 feet by 30 feet of Laura Street right-of-way because Laura Street is proposed to be re-aligned and the current right-of-way will no longer be required.

The City has approved a transportation infrastructure project that involves the re-alignment of Laura Street, Project No. P20205 (known as Laura Street Re-alignment Project). The project includes the construction of a new street through a portion of what is known as the Smith Property to intersect Harlow Road further to the west. The City intends to acquire a fee title to the portion of the Smith Property required for the new street and to vacate the portion of the old right-of-way that currently intersects Harlow Roads/Hayden Bridge Way. On October 15, 2003 the City of Springfield and the property owner entered into an agreement to facilitate Project No. P20205, which obligates the City to initiate and complete proceedings to vacate a 30' portion of Laura Street right-of-way abutting Tax Lot 7500 and Tax Lot 5000.
