Dear Molly,

I thought I had missed the dead line to fill this application out and then I read in the paper that you still had not filled the position for a Realtor as of last week.

I have been a Realtor in Springfield for over 20 years. I was raised in Springfield and attended Thurston High. I raised one son in Springfield and he also graduated from Thurston High in 1990.

I feel someone who has as deep of roots as I have in the Springfield Community should be highly considered for this position.

I have many skills throughout my years and business background. My husband and I had the Balloon World chain and while we were married I built 3 stores here and had 17 employees. This also included a delivery service so I had 3 Vans on the Road. Through that time we also built a Balloon World in Roseburg and owned a Helium Business. I ran every part of my business including all daily activities including doing all my own books. I have a very good business sense.

After my divorce I worked as a bookkeeper and then after a year decided to go into Real Estate. I started my Real Estate business with Artie Mae Harlow at Harlow Realty and was with her for 7 years. She has very deep roots in this community and gave me great council through the years. Not only teaching me to run my Real Estate career with Dignity and Integrity but she was an incredible businesswoman who taught me that getting involved with the community we serve is one of the most valuable gifts and that we need to return the rewards giving to us back to our community.

Through Artie Mae's council I joined the Greeters club and Springfield Board of Realtors and am a Past President of Springfield Board of Realtors. I currently hold a Directors position for 2009 & 2010.

I believe in Community service and have been a Hospice Volunteer for McKenzie Willamette. I volunteered there for 10 years until my position was eliminated due to law changes for the transportation of medications.

I also have been a volunteer at Sacret Heart Medical center in the Hospital Guild for 11

years and I'm still actively involved.

Most of my interest for this position came after I became a volunteer for meals on wheels. I have direct contact with many different homes in the Glenwood area. I actually deliver to 6 different mobile home parks. I hear many of their concerns and so many of them are fear based as to being made homeless and are uncertain of the impact of the changes that they know are coming. Their independence is so important to them and I feel I would be able to give you very good information and feed back from them. I care deeply about these people and hope to come up with some great solutions and ideas that I have thought of as I pass through the Glenwood area each week. I hope to be able to give good positive feed back help come up with ideas that will be best for all concerned.

I hope my back ground as a top producing Realtor along with my deep sense of civic duty and business back ground will help you in your decision to choose me for your open position on the Planning Citizen Advisory Committee.

Sincerely,

Elmina Mike

6. I am interested in serving on this committee because I want to help be a part of a great project. I have a vision of what I think Glenwood could become & I would really like to be involved. I think that Glenwood has much more potential than many people are giving it credit for. I would be an asset to this group because I have a great eye and caring for what this project could become. I have lived here my entire life and I have good relationships with many people in the community and also know the area well.
7. I have been selling real estate here for 24 years. Through my career, I have a lot of experience with developers. I have listed & sold many developers properties in Lane County in that time.
8. I hope to bring a great vision for our community. I have traveled extensively to many other cities and have seen what other riverfront areas have become both good and bad. I hope to use my traveling experience to offer ideas for this project.
9. I am a member of the Springfield and Eugene Board of Realtors; a long time member of the Million Dollar Club, a member of the Home Builders Association of Lane County, a past member of the Agent Leadership Counsel at Keller Williams Eugene/Springfield and am a member of the Eugene, Oregon and National Associations of Realtors.
10. I am concerned with positive growth in Glenwood and improving the overall image of Springfield.
11. I have lived here all my life, graduating from Thurston in 1978. I raised my family here, as are my daughters, both of them also graduating from Thurston. Most of my family still lives in Springfield. I know thousands of people in this community that own or are employed by all types of businesses in Springfield. I attend Springfield Faith Center. As previously stated, I have been a top realtor in this area for 24 years. I would love to help with the ideas & planning for this wonderful area of Springfield. I know that I would be a great asset to your committee.

5. Briefly discuss why you feel that you fall within the category(ies) you selected under Question 1 and why you feel that you should be chosen to represent the views of the interest group you selected. My work as director of ShelterCare includes providing supported housing to very low income households in our community. We serve homeless individuals and families and one of our programs is located in Glenwood - Shankle Safe Haven. This program has 16 residents and an additional 16 day program participants who meet the criteria: chronically homeless and diagnosed with a psychiatric disability. The program has about a dozen employees. I have been an advocate for affordable housing for twenty years and currently serve on the board of Metropolitan Affordable Housing.
6. Why are you interested in serving on this committee? I am interested in how Glenwood develops and see great opportunities for the area. When I served on the LTD Board we were developing the EmX through Glenwood and it was exciting to hear about the potential realignment of that stretch incorporating the natural amenity the river provides. As an affordable housing advocate and one who operates a significant program in the area, I will want to ensure that these interests are considered in the development process.

7. What experience, training, qualifications, or skills would you bring to this committee? Realtor since 1994, Mortgage Broker starting in 2004.

Mailed Notice Word of Mouth Other: Molly Markarian at a Eugene ICS outreach committee meeting and from Steve Ramseur, a Glenwood neighbor.

5. Briefly discuss why you feel that you fall within the category(ies) you selected under Question 1 and why you feel that you should be chosen to represent the views of the interest group you selected. I have been a renter in Glenwood for the past 5 years while attending the University of Oregon. Additionally, I have now had the experience of renting three different properties in Glenwood.

6. Why are you interested in serving on this committee? My degree in political science and public policy has centered on growth management, local food security and planning for the last four years. Serving on this committee would enable me to put to practice the theories and training I have received, while participating in a positive way to help shape the future of my community.

7. What experience, training, qualifications, or skills would you bring to this committee? In addition to my graduate degree, which focuses on planning and public policy, I have also served as an intern with the Lane County Food Policy Council focusing on outreach in various communities. I am currently an intern with the City of Eugene's Planning Division, and I have served as Secretary for the Glenwood Society for Livable Communities, our neighborhood organization.

8. What specific contribution do you hope to make by serving on this committee? I hope to represent the interests of student renters, and seek to assist in greater outreach and involvement in the planning process in our neighborhood, especially in regards to the Glenwood Refinement Plan. I also have a graduate certificate in Non-Profit Management, and hope to garner greater involvement from our local non-profits for community assistance (such as FOOD for Lane County, WFFC). I am also intested in helping to write grants for community projects as well as assist in planning for green space and community gardens.

9. Briefly describe any involvement you may have had with community advisory groups and activities. List any organizations or groups of which you are a member and any boards, commissions, or committees to which you are appointed or have previously served. While working with the Lane County Food Policy Council, I worked with the food system assessment committee. I have also been the Secretary for the Glenwood Society for Livable Communities.

10. What community topics concern you that relate to this committee? The direction and form growth takes in the redevelopment of Glenwood, including the preservation of green and open space and setbacks along the Willamette river.

11. Is there any other information related to your serving as a member of this committee that you would like to tell us? I am very enthusiastic and excited about working with a team of my community members and other stakeholders to be a part of planning for the future of my community. I also hope to serve in the capacity of garnering

greater involvement with my other community members and finding ways to gather their input into the planning process as well.
